**2. Our Services**

Our Services may include financial insights, commodity options trading, investment advisory, and wealth management offerings. Access to certain features may be subject to eligibility, subscription, regulatory approval, or additional agreements.

The Services are **not intended for distribution or use by any person or entity in a jurisdiction where such distribution or use would violate applicable laws or regulations**, or where such actions would require us to register or comply with local requirements.

If you choose to access the Services from outside the United Kingdom, you do so at your own risk and are solely responsible for compliance with local laws.

Please note that our Services are **not designed to comply with certain industry-specific regulations**, including but not limited to:

- Health Insurance Portability and Accountability Act (HIPAA)
- Federal Information Security Management Act (FISMA)
- Gramm-Leach-Bliley Act (GLBA)

If your use of the Services would subject us to such regulatory requirements, you are not permitted to access or use the Services.

---

**3. Risk Disclosure**

**Investment Risk**

All investments involve risk, including the potential loss of principal. Trading in commodity options and related financial instruments is speculative and may not be suitable for all investors.

The past performance of any trading strategy, investment, or financial product does not guarantee future results.

By using our Services, you expressly acknowledge and agree that:

- Markets can be volatile, and investment outcomes are inherently uncertain.
- You may sustain losses significantly greater than your initial investment.
- StoneHedge Group LTD does not guarantee any level of performance, return, or success.

## **No Guaranteed Results**

We do not make any express or implied guarantees or representations that your use of our Services will lead to any specific financial outcome. All advice, signals, or recommendations provided are general in nature and do not account for your individual financial circumstances unless otherwise expressly agreed in writing.

You are strongly encouraged to consult with independent financial, legal, or tax advisors before making any investment decisions.

---

## **4. User Responsibilities**

As a user of the Services, you agree that you:

- Are solely responsible for your own trading and investment decisions.
- Will use the Services in compliance with all applicable laws and regulations.
- Will not engage in any unauthorized use of the Services, including attempting to access accounts, systems, or data that you do not have express permission to access.
- Will not misrepresent your identity, financial status, or regulatory status in any interaction with the Company or its representatives.

### **Account Security**

You are responsible for maintaining the confidentiality of your login credentials and any activity conducted through your account. You must notify us immediately if you believe your account has been compromised.

### **Prohibited Activities**

You agree not to:

- Use the Services for unlawful, abusive, or fraudulent purposes.
- Reproduce, duplicate, sell, or exploit any portion of the Services without our express written consent.

- Interfere with the functionality, security, or integrity of the Services.

### Leverage and Margin

Trading with us allows you to use leverage, enabling you to open a position by depositing only a fraction of the total contract value. This means even small market movements can lead to proportionally larger changes in the value of your investment—both gains and losses. Our Margin Contracts, CFDs, and Options contracts offer high leverage due to low margin requirements. However, this also increases your exposure to market volatility.

Please be aware that adjusting your leverage on an already active account may immediately impact your open positions. We may also require additional funds to support your existing contracts.

If you are a **Retail** or **Institutional** client and your account equity (account balance plus running profit/loss) falls below 50% of the required margin, we will automatically close your open positions.

If you are a **Professional** client, your positions will be automatically closed when your equity falls below specific margin thresholds defined for your account type.

It is your responsibility to monitor your margin requirements and account status to avoid a stop-out. You may need to add funds to your account. All relevant margin and contract details can be monitored directly through your trading platform.
